As the sun reveals the world of tomorrow, so will this, "The Tiger," reveal to the class of 1958 the treasured memories of life at St. Paul's College.

We have endeavored to present a living picture of the functions and activities of the College.

We hope that as the years pass this volume will become a priceless gem which has for its facets, some of the most wonderful moments of our lives; and its base, the campus of St. Paul's College.

PRESIDENT'S MESSAGE

"A MESSAGE FROM THE PRESIDENT"

TO: THE MEMBERS OF THE 1958 GRADUATING CLASS

Dear Friends:

It is a special pleasure to greet and felicitate the members of this Saint Paul's Class of 1958, for you represent the final group of graduates in the "second full generation" of students during my administration. Moreover, several vital and challenging accomplishments by the College have been achieved during your tenure on the campus.

Not the least of these was election, announced late in 1957, of Saint Paul's to membership in the United Negro College Fund, along with one other college - the first additions to this great organization since its establishment. Equally as heart-warming for all Saint Paulites is the revitalizing of spirit and loyalty within our Alumni family. This was dramatically signalized last spring when the College-Alumni fund drive exceeded the \$50,000 goal by over \$6,000.

We at the College have steadily striven to strengthen the academic offerings, improve our facilities, and to meet the challenge and opportunity which a church-related institution faces to provide a sound, spiritually impregnated education. During your years here there have been landmarks of progress in those objectives. Saint Paul's has broadened its program, offering a second (A.B.) degree, eliminated all non-degree courses, and provided a significant new facility - the College Center.

You go out now into a world of crises, of scientific accomplishments - and nuclear threats - undreamed of only a decade ago; a world of tensions, social upheavals, and yet a society of solid advances, especially for minorities, and of enhanced opportunities. It is our devout wish that your years here have prepared you mentally and spiritually for participation in such a world.

Finally, the College hopes it has instilled in each of you a true loyalty to it and to its ideals. Never in the history of education has there been a time when private institutions required the continuing financial help and unflagging interest through the years of their graduates, than now. We won't forget you; we entreat you never to forget us.

Sincerely yours,

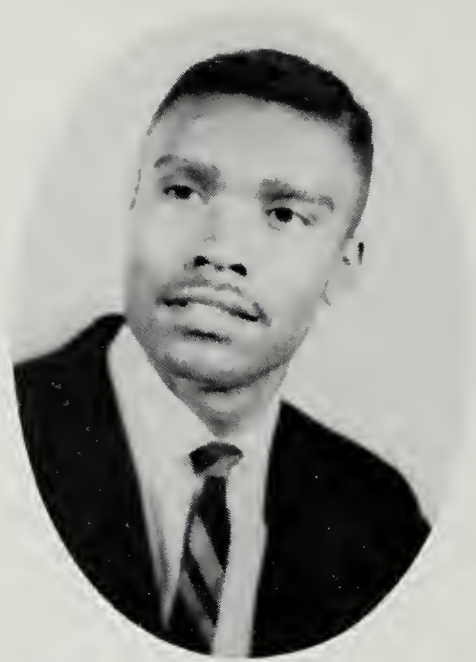

Earl H. McClenney
President

BEST WISHES FROM THE DEAN OF THE COLLEGE TO THE CLASS OF 1958

My dear Friends:

The members of the Class of 1958 will always be an integral part of my recollections of my first year at Saint Paul's College. Although the contributions of many individuals to their development are realized, I shall always feel especially close to them as members of "My First Graduating Class."

The name of Saint Paul's College will rise or fall upon what you and many others like you do in life. We have faith in your abilities to succeed in your work and to show the results of participation in the program at Saint Paul's which is designed to develop mature personalities who show functional Christian character, functional intellect, and functional skill in living creatively and in contributing creatively to family, community, and world.

Members of my family all join me in wishing for you the very best of joyous life and contribution to life in the years to come.

Very sincerely yours,

Walter N. Ridley

CLASS SONG

We have struggled so hard down
through the years
Just to find what we've done
Isn't half enough for a world as
great as ours
So we hunger for more knowledge that
you so freely give.

Now the time has come for us to part
Dear St. Paul's, thee we love
And we cherish thee with a heart
that's good and true
So we leave you with great sorrow
and love forever more.

(Seal)

It's parting time for us indeed
It's time to bid adieu,
Our sacred hills and halls we leave
Our friends and teachers true.

But memories often come back
And we live once again
In the same halls and rooms, in fact,
In the same sighs and pain.

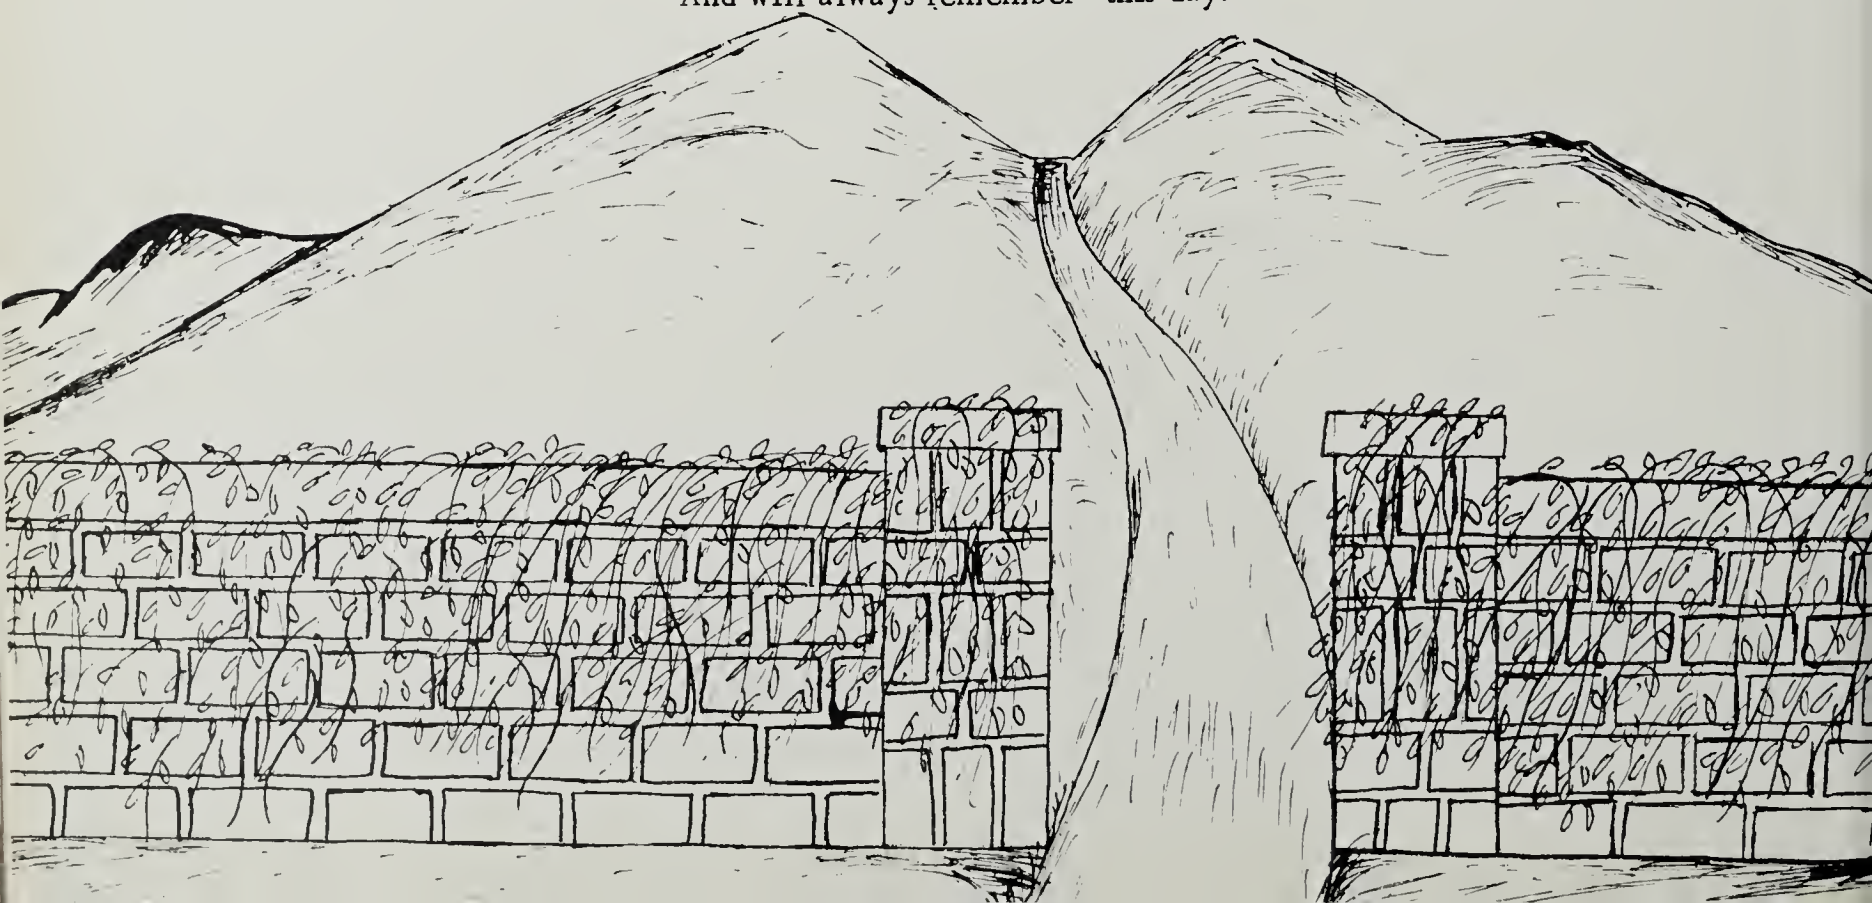

But we will remember more
The hours we spent so gay,
The joys and laughter of before
The sweetness of the day.

All was not easy, we agree
All was not just for fun,
We were not here just to be free
But to gain knowledge in the run.

Juniors, take our place and be
The leaders of our school;
Sophomores, you are next,
Work well with all your tools.

Freshmen, you have quite a way
Along the road to the end,
We wish you progress in every way
Just wisely your time spend.

So, now is the time that we must part
We leave not sad but gay,
We carry happiness in our hearts
And will always remember "this day."
